On their first CD, The Grand Rapids Women's Chorus, under the direction of Lori Tennenhouse, captures the rhythmic vitality of songs from all over the world. From Japan, Korea, Russia, Israel, and Native American cultures, the music on this CD broadcasts an energy that only a live recording can generate. Check out this recording for exciting, well-written arrangements that sing both from a woman's heart and a world perspective. One of the best women's choral recordings to date."

Hi Lori Man that was a blast. It was everything I was hoping for and much more. It is so good to be treated like a star!! The Ulali performance was awesome. I'm so grateful to have been a part of it. Thank you for including us. I have checked out the websites, the picture of my daughter and it almost made me cry. It's my vision for the future to pass my knowledge on to my daughter and grand daughter. When can we expect the performance on DVD? I can't wait to see it. Again many thanks from the Snowbirds.

Hi Lori and I was so pleased with the Ulali concert that I left St. C's floating! The entire evening was wonderful and you are all to be commended for taking the positive steps in organizing this that you did. So often organizations will bring in some of our "Native Notables" (as I call them) and then forget that there is a Native American community here too. We are usually a last-minute thought which becomes cumbersome for many of us to work with. I told everyone, and am telling you, that the GRWC "gets it". Your inclusion and wonderful hospitality certainly made a lasting impression with our community. All that I have talked with were thrilled that they were able to come and enjoy.

Once again I was overwhelmed by our Women's History Month concert and the important work our group accomplishes. It is certainly a privilege to be part of such a group, and to participate in this event in a small way. So many thanks!

Lori, your thanks to everyone involved with this event is part of the magic of GRWC. This group has a collective heart, filled with warmth and strength and humanity and you conduct the beat. I felt so honored to be wearing my dragonfly duster Saturday. The whole day was energy and connection and celebration and sitting in that auditorium, listening to these women, had me fighting tears the entire time. The feeling in the room was so profound... there are no words!. Thank you for being who you are. My gratitude for you and for being able to be part of this chorus fills my heart, more every day.
